This is the purpose and motivation behind this fund raiser

Each October, the U.S. Navy commemorates the birth of the Navy (October 13th, 1775) by holding a Gala Birthday Celebration Ball, organized by the service members in the base. They do not receive funding from any government source. To cover the cost of putting on the ball, they pay to attend the ball. This year, the 237th birthday of the Navy, we are hoping to raise enough money to defray the cost for the personnel from the Key West Naval Air Station to attend the ball. It is our sincerest wish that through the efforts of our volunteers, the donations from our sponsors and the show attendance by you, we can all make this happen.
